

Imprints

Many clients choose to publish an imprint on their publication as a sign of their commitment to an eco-advantaged product.

- Examples and downloadable artwork of our imprints can be found on www.finsbury.com.au
- As a Forest Stewardship Council® (FSC) certified printer, we also offer the FSC® trademark on approved products. If your publication is being printed on an FSC® stock you are able to use an appropriate FSC® imprint. Ask your Account Manager to advise you.
- Printed carbon neutral imprints are available in colour, mono and reverse.

Forest Stewardship Council® (FSC®) Imprints

*Apply to your Account Manager for a Finsbury Green imprint that features the CO2 your publication will save.
